RSM Experience Center

"Open your mind to the possibilities."

1

Ride to Priority

Relax in our provided transportation and enter your information to tailor your experience at the Retail Experience Center at Priority.

2

Digital Check–In

Arrive at Priority, meet the experts and get ready for an immersive technology experience tailored to you.[1, 2, 3]

3

Auto–Sizing

Need a specific size? Utilizing computer vision, sizing can be done remotely.[2, 4]

4

Wall of Bikes

Locate specific products and product details all from your phone in an interactive fashion.[3, 5, 6, 7]

8

Remote Assistance

The experience does not stop when the product arrives at home. Put your bike together with experts help.[13, 14]

7

Know Your Customers

Harness the power of data by generating personalized campaigns and increasing customer touch points and retention.[9, 10, 11, 12]

6

Frictionless Checkout

A seamless POS system experience. Sure, you've bought a bike before, but maybe not like this![5, 6]

5

Endless Aisle

Use augmented reality to design the colors and features for your bike.[8]

9

Future of Maintenance

Take AI a step further and build your business with maintenance partners.[2, 14, 15, 16, 17]

10

Connected Store

Understand traffic flow, limit congestion, place products with confidence. We want to help evolve and integrate technology in your business.[4, 18]

11

Augmented Reality Showroom

Create a captivating experience to remember while boosting customer experience and sales.[5, 8, 19]

12

Power of Data

Infuse data and insights into your business with forward–thinking and AI driven analytics.[18, 20]

13

The Retail Cloud

It's more than a transformation, it's an evolution. We want to help evolve and integrate technology in your business.
